

Aug 22 - 24
LIFE2017 LANDMARK
HOUSTON INNOVATION
FORUM & EXPO

Dear Colleague,

We would like to personally invite you to attend the hands-on workshops at this year's Landmark Innovation Forum & Expo (LIFE), the premier E&P business and technology event that will be held August 22–24 in Houston.

This year, we are offering the following workshops:

TIME	DAY 1 AUG 22	DAY 2 AUG 23
12:30 p.m. - 2:00 p.m.	Taking Production Planning to the Next Level with Dynamic Reservoir Modeling of a Synthetic Field	Software Development Reinvented on OpenEarth Community
2:30 p.m. - 4:00 p.m.	Frontier Basin Exploration: Bringing Old Data to Life	Using Geostatistically Interpolated Velocity Models to Conduct Basin Studies in Regions with Limited Data

Subject matter experts and technology advisors will lead these collaborative, hands-on sessions, which will enable you to experience Landmark's latest innovations. **Attendance in each workshop is limited to 15 people**, so participation will be allowed on a first-come, first-served basis. Please confirm your reservation to Khalisa.Siahaan@halliburton.com. If the workshops reach full capacity, we will add your name to a waiting list.

If you have not already registered to attend LIFE, visit www.Landmark.Solutions/LIFE2017 to confirm your attendance today. When you register, you will have the option to reserve your attendance for the full three-day Forum & Expo. We have built a mobile app for LIFE 2017, which has all the important information you will need to build your agenda, and to be aware of the latest updates. We will be sending you instructions on how to download the mobile app for LIFE.

We look forward to seeing you there!

Rosa Martínez,
Global Services Geoscience Practice Manager
Halliburton Landmark
